

WATERFRONT DEVELOPMENT CORP.--Dockside Development on  
Bedford Waterfront Moves Forward

-----  
A residential-commercial development is moving forward on  
the Bedford waterfront.

Provident Developments is constructing Dockside Waterfront  
Drive which consists of two new buildings with retail space  
and condominiums adjacent to 200 Waterfront Drive.

The Waterfront Development Corporation Ltd.(WDCL) and  
Provident Developments are also working together to create  
enhanced public spaces around the new development.

"Our partnership with Provident builds on a private sector  
investment to create public facilities in Bedford," said  
Colin MacLean president and CEO, Waterfront Development  
Corporation Ltd. "WDCL is dedicated to realizing our vision  
of developing animated waterfront destinations to  
distinguish us among world's greatest waterfronts."

"We are happy to be finishing phase one of the Dockside  
development, this is great for Provident and great for  
Bedford," said John Greenough, president Provident  
Developments. "Working with WDCL, we are including nice  
features to encourage the community use of the waterfront."

The facilities for public use include an expansion of the  
Harbourwalk Trail, new spaces and improvements to the  
recreational marine facilities.

Construction began Feb. 21, and will temporarily affect  
access to the Harbourwalk Trail, but people will be  
provided with an alternate route.

Information about the development will be posted on WDCL's  
website [www.my-waterfront.ca](http://www.my-waterfront.ca), and the Provident  
Developments website [www.providentdevelopments.com](http://www.providentdevelopments.com).

For more than 20 years, Provident Developments has pursued  
excellence in real estate development. With roots in  
historic restorations, Provident has established "A  
Tradition of Excellence" in projects ranging from single-  
family homes, to luxury waterfront condominiums, to prime  
Class A commercial space and entire planned communities.

Waterfront Development Corporation Ltd. is a Crown

corporation that manages provincially-owned land along the waterfronts of Bedford, Dartmouth, Halifax, Bedford and Lunenburg. WDCL works with many partners to harness private investment that enables communities to maximize the public benefits of the waterfronts.

FOR BROADCAST USE:

A residential-commercial development is moving forward on the Bedford waterfront.

The two new buildings being constructed by Provident Developments have ground floor retail space and condominiums.

The Waterfront Development Corporation and Provident Developments are also creating new and enhanced public space around the buildings.

Waterfront Development Corporation president Colin MacLean says the corporation is dedicated to developing animated waterfront destinations that distinguish us among world's greatest waterfronts.

Provident Developments president John Greenough says these buildings complete phase one of this development, which is great for Provident, and great for Bedford.
